Approved balances

## Highland NTEP-Approved Balances

Suitable for trade use, the Highland approved balance contains practical features to simplify lab work, field testing, jewelry measurement, cannabis production, and manufacturing tasks. Durable construction allows the Highland to stand up to demanding use in many settings. To ensure consistently precise readings, a removable draft shield helps eliminate disturbances in drafty areas.

Vivid, backlit LCD easily visible in any lighting conditions

USB and RS-232 interfaces provide speedy communication with computers and printers

Security slot for optional Kensington-type lock and cable to help prevent theft

Hook included for weighing below the balance
