

## THE 2210KL-AM

# ANTIMICROBIAL HIGH-RESOLUTION DIGITAL NEONATAL/PEDIATRIC TRAY SCALE

The 2210KL-AM neonatal scale was designed for use in the NICU, nursery, delivery room, and pediatric practices, where a high degree of accuracy is critical to the smallest of patients. The scale gives providers and patients safety with an Antimicrobial body, tray, handles, and keypad. The smooth-edged removable tray has a patent-pending mounting system that eliminates breakage, making it easy to clean. The built-in measuring tape allows users to measure both weight and height simultaneously. The scale will quickly lock despite the movement of the infant. The backlit display makes reading a patient's weight easier at almost any angle and light condition.

The high 1 gram resolution scale features a capacity of 20,000 grams/20 kg/45lb.

The 2210KL-AM's user-friendly digital interface includes breast milk intake, auto-weight hold, hold/release, zero, tare, pre-tare, reweigh, recall, GM/KG/LB conversion and lockout, auto-zero, and auto-off. The scale's motion detection gives it the ability to weigh accurately despite the movement of the patient. The exclusive Everlock<sup>®</sup> function allows the measuring units (LB, KG, or G) to be permanently locked on the scale.

### 2210KL4-AM Scale with 4-Sided Tray Option

The scale provides easy integration and seamless communication with today's EMR applications. The 2210KL-AM includes a USB interface for connectivity with a computer, EMR software, or other electronic devices via various Health o meter<sup>®</sup> Professional Connectivity Solutions. Options such as kilograms only, grams only, and built-in wireless models are available.

## TECHNICAL SPECIFICATIONS

### Capacity

45 lb / 20 kg / 20,000 gm

### Resolution

1 g (to 10,000 g);  
5 g (10,001 to 20,000 g)

### EMR Connectivity

Via USB, optional Pelstar® wireless technology

### Backlit LCD Display

5 ¼" x 1 " (133 mm x 35 mm)  
4 levels of brightness

### Batteries

6 D batteries included,  
adapter ADPT30 included

### Functions

LB / KG / GM conversion  
LB / KG / GM lock out  
Zero  
Tare  
Pre-tare  
Reweigh  
Recall  
Auto zero  
Auto off  
Motion detection  
Everlock®  
Hold / release  
Variable auto-off Time  
Audible/mute sound option  
Disable/enable backlight for display  
Enabling unit view with unit of measure locked  
Auto weight hold for 30 to 60 seconds  
Breast milk intake

### Tray Size (w x d x h)

(2210KL-AM) 24" x 15 ¼" x 2 ¾"  
(610 mm x 388 mm x 71 mm)  
(2210KL4-AM) 26 ½" x 15 ¼" x 2 ¾"  
(674 mm x 388 mm x 71 mm)

### Product Footprint

(2210KL-AM) 24 ¾" x 17 ¾" x 6"  
(630 mm x 450 mm x 153 mm)  
(2210KL4-AM) 26 ½" x 17 ¾" x 6"  
(674 mm x 450 mm x 153 mm)

### Product Weight

(2210KL-AM) 28 lb / 13 kg  
(2210KL4-AM) 29 lb / 13.5 kg

### Measuring Tape

0" - 24" / 0 cm - 60 cm

### Portability

Heavy duty handles for ease of moving  
2210CART - optional rolling cart

### Warranty

2-year limited manufacturer warranty

## ORDERING INFORMATION

MODEL	DESCRIPTION
2210KL-AM	Antimicrobial high resolution digital neonatal / pediatric tray scale, LB & KG
2210KG-AM	Antimicrobial high resolution digital neonatal / pediatric tray scale, KG only
2210KL-AM-BT	2210KL-AM with built-in Pelstar® wireless technology
2210KG-AM-BT	2210KG-AM with built-in Pelstar® wireless technology
2210KL4-AM	Antimicrobial high resolution digital neonatal / pediatric 4 sided tray scale, LB & KG
2210KG4-AM	Antimicrobial high resolution digital neonatal / pediatric 4 sided tray scale, KG only
2210KL4-AM-BT	2210KL4-AM with built-in Pelstar® wireless technology
2210KG4-AM-BT	2210KG4-AM with built-in Pelstar® wireless technology
2210CART	Optional rolling cart for 2210 series
SS-2210KL	ScaleSurance® 2 year extended warranty for 2210 series*
ADPT30	Adapter included, item # for replacement or spare
PLUGSET30	Plug adapters for use outside North America
PELSTARONE-P	Wireless thermal printer
